

Berkley Accelerated School Local Wellness Policy

Preamble

Berkley Accelerated School recognizes that good nutrition and regular physical activity affect the health and well-being of all students. Furthermore, research suggests that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, supporting the development of good eating habits and promoting increased physical activity both in and out of school.

Berkley Accelerated School is committed to creating school environments that promote and protect the overall well-being of all students and staff. The guidelines listed below encourage a comprehensive wellness approach that is sensitive to both individual and community needs.

1. Local School Wellness Policy Leadership

Berkley Accelerated School will assemble a representative wellness committee that will meet **bi-annually** to monitor and set goals for the development and implementation of its local school wellness policy. The policy shall be reviewed annually, and an updated copy shall be sent to the Florida Department of Agriculture and Consumer Services when a fundamental change or overhaul is made.

- The Principal and Food Service Director shall ensure overall compliance with the local school wellness policy.
- Parents/guardians, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators and the public shall be permitted to participate in the development, implementation, and periodic review and update of the local school wellness policy.

Berkley Accelerated School will review and consider evidence-based strategies and techniques in establishing goals for nutrition promotion and education, physical activity and other school-based activities that promote student wellness to include, at a minimum, a review of Smarter Lunchroom tools and techniques.

2. Nutrition Promotion

Nutrition promotion can positively influence lifelong eating behaviors by creating food environments that encourage healthy choices and encourage participation in the school meal programs.

- The school environment, including the cafeteria and classroom, shall provide clear and consistent messages that promote and reinforce healthy eating.
- Discover effective ways to communicate school wellness messages and identify healthy eating and active living messages that resonate with parents. Examples may include presentations, newsletters, social media posts, and printed materials which highlight a wellness topic of interest.
- Schools will provide parents with healthy snack ideas, lists of foods for healthy celebrations and opportunities for physical activity before and after school.

3. Nutrition Education

Academic performance and quality of life issues are affected by the choice and availability of nutritious foods in our schools. Healthy foods support student physical growth, brain development, resistance to disease, emotional stability and ability to learn.

- The nutrition benchmarks included in Florida's Physical Education Standards shall be taught as part of the structured and systematic unit of instruction during physical education classes and will be integrated into other subject areas (e.g., math, science) where there is a natural fit.
- Students receive nutrition education that is interactive and teaches skills they need to adopt age-appropriate healthy eating behaviors. Classroom lectures, activities and student participation are provided in nutrition and health classes. Classroom written tests (such as multiple choice, essay and fill in the blank) are given in the areas of nutrition. (Example topics include: mindful eating, balanced meals, how to read nutrition facts labels)
- The staff responsible for nutrition education will be adequately prepared and participate regularly in professional development activities to effectively deliver an accurate nutrition education program as planned. Preparation and professional development activities will provide basic knowledge of nutrition combined with skill practice in program-specific activities and instructional techniques and strategies designed to promote healthy eating habits.

4. Physical Activity

Berkley Accelerated School shall ensure that physical activity is an essential element of the school's instructional program. The program shall provide the opportunity for all students to develop the skills, knowledge and attitudes necessary to participate in a lifetime of physical activity.

- For middle school physical education in grades 6-8, students shall receive a minimum of one semester of physical education or performing arts in each of the three years. In grades 9-10, students can receive a minimum of one credit of physical education in senior high school as required.
- Students will have an increase in both the number and variety of physical activity opportunities offered to them.
- Staff will be encouraged to participate in moderate-intensity aerobic activity (e.g., brisk walking, jogging, pickleball) every week. Staff will be informed of the opportunity to participate in physical activity in afterschool programs and community events.
- Regular classroom teachers will be encouraged to provide short physical activity breaks between lessons or classes, as appropriate.

5. Other School-Based Activities

Berkley Accelerated School will integrate wellness activities across the entire school setting. These initiatives will include nutrition, physical activity and other wellness components so that all efforts work towards the same set of goals and objectives used to promote student well-being, optimal development and strong educational outcomes.

General Guidelines

- **Berkley Accelerated School** shall consider the components of the Centers for Disease Control's Whole School, Whole Community, Whole Child (WSCC) model in establishing other school-based activities that promote wellness.
- The goals outlined by the wellness policy will be considered in planning all school-based activities (such as school events, field trips, dances and assemblies).
- Afterschool programs will encourage healthy snacking and physical activity.
- **Berkley Accelerated School** shall actively develop and support the engagement of students, families and staff in community health-enhancing activities and events at the school or throughout the community.
- **Berkley Accelerated School** shall be in compliance with drug, alcohol and tobacco-free polices.

Eating Environment

- Students will be provided an adequate amount of time to consume their meal with a minimum of 20 minutes after receiving their food from the line.
- Convenient access to facilities for hand washing and oral hygiene will be available during meal periods.

Recycling

- The school shall maximize the reduction of waste by recycling, reusing, composting and purchasing recycled products.

Employee Wellness

- **Berkley Accelerated School's** wellness committee will have a staff wellness subcommittee that focuses on staff wellness issues, identifies and distributes wellness resources and performs other functions that support staff wellness in coordination with human resources staff.

Health Services

- A coordinated program of accessible health services shall be provided to students and staff and shall include, but not be limited to, violence prevention, school safety, communicable disease prevention, health screening, including body mass index, community health referrals, immunizations, parenting skills and first aid/CPR training.

Behavior Management

- Teachers and other school personnel will not deny or require physical activity as a means of punishment.

6. Guidelines for All Foods and Beverages Available During the School Day

Berkley Accelerated School shall operate and provide food service in accordance with USDA's National School Lunch Program (NSLP) standards and applicable laws and regulations of the state of Florida. The guidelines for reimbursable school meals shall not be less restrictive than regulations and guidance issued by USDA.

General Guidelines

- All reimbursable meals will meet nutrition standards mandated by USDA, as well as any additional state nutrition standards that go beyond USDA requirements.
- School meals will include a variety of nutrient-dense foods, including whole grains and fiber-rich fruits and vegetables, while accommodating special dietary needs and ethnic and cultural food preferences.
- To the maximum extent possible, Berkley Accelerated School will participate in available federal school meal programs, including the SBP, NSLP, ASSP, AMP, and SFSP.
- Free, potable water will be made available to all children during each meal service.
- **Berkley Accelerated School** will source 5-10% of all fresh fruits and vegetables from local farmers when practicable.

- Schools are encouraged to offer fresh, seasonal, locally grown food at every location on the school site where food is sold and at all school-sponsored events and activities.

Competitive Foods

- All foods and beverages sold on the school campus to students outside of reimbursable school meals are considered “competitive foods,” and must comply with the nutrition standards for competitive food as defined and required in 7 CFR 210.11.
 - *School campus means, for the purpose of competitive food standards implementation, all areas of the property under the jurisdiction of the school that are accessible to students during the school day.*
 - *School day means, for the purpose of competitive food standards implementation, the period from the midnight before, to 30 minutes after the end of the official school day.*
- Competitive foods include items sold a la carte in the cafeteria, from vending machines, school stores, snack bars and for in-school fundraisers.
- Unless being sold by **Berkley Accelerated School’s** food service program, it is impermissible for any competitive food item sold to students during the school day to consist of ready-to-eat combination foods of meat or meat alternate and grain products, as defined in 7 CFR 210.10 and 210.11. (FAC 5P-2.002)
- To be allowable, all competitive food items sold to students must meet general nutrition requirements and nutrient standards.

General nutrition requirements for competitive foods:

- Be a grain product that contains 50 percent or more whole grains by weight or have a whole grain as the first ingredient; or
- Have as the first ingredient one of the non-grain major food groups: fruits, vegetables, dairy or protein foods (meat, beans, poultry, seafood, eggs, nuts, seeds, etc.); or
- Be a combination food that contains 1/4 cup of fruit and/or vegetable.
- If water is the first ingredient, the second ingredient must be one of the above.

Nutrient standards for competitive foods:

Nutrient Standard	Snack Items and Side Dishes <i>(including any added accompaniments)</i>	Entrée Items <i>(including any added accompaniments)</i>
Calories	200 calories or less	350 calories or less

Sodium Limits	200 mg or less	480 mg or less
Total Fat Limits	35% or less of total calories	35% or less of total calories
Saturated fat	Less than 10% of total calories	Less than 10% of total calories
Trans fat	0 g of trans fat as served (less than or equal to 0.5 g per portion)	0 g of trans fat as served (less than or equal to 0.5 g per portion)
Sugar	35% of weight from total sugar as served or less	35% of weight from total sugar as served or less

Exemptions:

- Any entrée item offered as part of the breakfast or lunch program is exempt if it is served as a competitive food on the day of service or the day after service in the breakfast or lunch program.
- Fresh or frozen fruits and vegetables with no added ingredients, except water.
- Canned fruits with no added ingredients except water, which are packed in 100 percent juice, extra light syrup or light syrup.
- Low sodium/No salt added canned vegetables with no added fats.
- Reduced fat cheese, nuts, seeds and nut/seed butters, as well as seafood and whole eggs with no added fat are exempt from the total fat and saturated fat standards.

**Refer to 7 CFR 210.11 competitive food service standards for additional exemptions.*

Nutrition standards for beverages:

Portion sizes listed are the maximum that can be offered.

Beverages	Elementary	Middle	High
Plain water	unlimited	unlimited	unlimited
Unflavored low-fat milk	8 fl. oz.	12 fl. oz.	12 fl. oz.
Unflavored or flavored fat-free milk	8 fl. oz.	12 fl. oz.	12 fl. oz.
100% fruit or vegetable juice	8 fl. oz.	12 fl. oz.	12 fl. oz.
100% fruit or vegetable juice diluted with water but no added sweeteners	8 fl. oz.	12 fl. oz.	12 fl. oz.
Other flavored and/or carbonated beverages that are labeled to contain 5	Not allowed	Not allowed	20 fl. oz.

calories or less per 8 fl. oz., or 10 calories or less per 20 fl. oz.			
Other flavored and/or carbonated beverages that are labeled to contain 40 calorie or less per 8 fl. oz. or 60 calories or less per 12 fl. oz.)	Not allowed	Not allowed	12 fl. oz.

For elementary and middle school students: foods and beverages must be caffeine-free except for trace amounts of naturally occurring caffeine substances. Food and beverages for high school students may contain caffeine.

Standards for food and beverages available during the school day that are not sold to students:

- The school will provide parents and teachers a list of ideas for healthy celebrations/parties, rewards and fundraising activities.
- Schools will limit celebrations that involve food during the school day to no more than one party per class per month.

Fundraising

- Fundraising efforts will be supportive of healthy eating by complying with all applicable regulations and nutrition standards for competitive foods while also emphasizing the sale of nonfood items.
- No fundraisers that include the sale of food items will occur until thirty (30) minutes after the conclusion of the last designated meal service period.
- The school board is permitted to grant a special exemption from the standards for competitive foods as specified above for the purpose of conducting infrequent school-sponsored fundraisers, not to exceed the following maximum number of school days per school campus each school year:

School Type	Maximum Number of School Days to Conduct Exempted Fundraisers
Combination Schools	10 days

- The school wellness committee will maintain a school calendar identifying the dates when exempted competitive food fundraisers will occur. (FAC 5P-2.002)

7. Policy for Food and Beverage Marketing

School-based marketing will be consistent with policies for nutrition education and health promotion. As such, the following guidelines apply:

- Schools will only be allowed to market and advertise those foods and beverages that meet or exceed USDA's Smart Snacks in School nutrition standards.
- Marketing activities that promote healthful behaviors are encouraged. Examples may include: vending machine covers promoting water, pricing structures that promote healthy options in a la carte lines or vending machines, sales of fruit for fundraisers and coupons for discounted gym memberships.
- **Berkley Accelerated School** will foster a cafeteria environment that promotes healthy eating, including the incorporation of fresh, locally grown foods into student meals.
- **Berkley Accelerated School's** nutrition department's replacement and purchasing decisions will reflect the marketing guidelines mentioned above.

8. Evaluation and Measurement of the Implementation of the Wellness Policy

Berkley Accelerated School's wellness committee will update and make modifications to the wellness policy based on the results of the annual review and triennial assessments and/or as local priorities change, community needs change, wellness goals are met, new health information and technology emerges and new federal or state guidance or standards are issued. The wellness policy will be assessed as indicated at least every three years following the triennial assessment.

Triennial Progress Assessments

Berkley Accelerated School will assess the local school wellness policy to measure wellness policy compliance **at least once every three years**. This assessment will measure the implementation of the local school wellness policy, and include:

- The extent to which **Berkley Accelerated School** is in compliance with the local school wellness policy;
- The extent to which the local school wellness policy compares to model local school wellness policies; and
- A description of the progress made in attaining the goals of the local school wellness policy.

9. Informing the Public

Berkley Accelerated School will ensure that the wellness policy and most recent triennial assessment are always available to the public. **Berkley Accelerated School** will also actively notify households on an annual basis about any updates made to the wellness policy and the availability of the triennial assessment results, as well as provide information to the community about the school nutrition environment.

- **Berkley Accelerated School** will ensure the most updated version of the wellness policy and triennial assessments are always available on the school website for the public to view.

- **Berkley Accelerated School** will present wellness policy updates, as applicable, during meetings with the Parent Teacher Association/Organization, school board, district superintendent, health and wellness committee and other interested groups or stakeholders.
- Wellness updates will be provided to students, parents and staff, as applicable, in the form of handouts, **Berkley Accelerated School's** website, articles and the school's's newsletter, to ensure that the community is informed, and that public input is encouraged.
- The school will provide all parents with a complete copy of the local school wellness policy at the beginning of the school year.

10. Community Involvement

Berkley Accelerated School is committed to being responsive to community input, which begins with awareness of the wellness policy. **Berkley Accelerated School** will actively communicate ways in which parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, school administrators, representatives from the local agriculture community, food and nutrition professionals and the public can participate in the development, implementation and annual review of the local school wellness policy through a variety of means, including:

- **Berkley Accelerated School** will consider student needs in planning for a healthy nutrition environment. Students will be asked for input and feedback using surveys and attention will be given to their comments.
- **Berkley Accelerated School** will use electronic mechanisms, such as email or displaying notices on **Berkley Accelerated School's** website, as well as non-electronic mechanisms, such as newsletters, presentations to parents or sending information home to parents, to ensure that all families are actively notified of any updates to the wellness policy, as well as how to get involved and support the policy.
- At the final public-school board meeting of each year, the local school wellness policy will be discussed, and all stakeholders will be asked to provide feedback on the policy. All comments and recommendations will be reviewed and considered.
- A team of district and community representatives will be established to support the food service director and teachers in implementing local purchasing and other farm to school activities on an ongoing basis.

Record Keeping

Records to document compliance with the requirements of the local school wellness policy will include, but is not limited to the following:

- The written local school wellness policy;

- Documentation demonstrating compliance with community involvement requirements, including requirements to make the local school wellness policy and triennial assessments available to the public as consistent with the section on informing and updating the public; and
- Documentation of the triennial assessment of the local school wellness policy.

This institution is an equal opportunity provider.
